SAFETY INFORMATION

Dear customers

We take the opportunity to thank you for purchasing this DVD player. We strongly recommend that you study carefully the operation instructions before attempting to operate the unit and that you have noted the listed precautions.

Note

This unit can be used only where the power supply is 100V-240V~ 50/60Hz.

Caution

* DVD PLAYER IS A CLASS 1 LASER PRODUCT. HOWEVER THE PLAYER EMITS A VISIBLE LASER BEAM WHICH COULD CAUSE HAZARDOUS RADIATION EXPOSURE IF DIRECTED. BE SURE TO OPERATE THE DVD PLAYER CORRECTLY AS INSTRUCTED WITHOUT OPENING CABINET AND LOADER COVER.

* WHEN THE PLAYER IS POWERED ON, DO NOT PLACE YOUR EYES CLOSE TO THE OPENING OF THE DISC TRAY OR OTHER OPENINGS TO LOOK INTO INSIDE OF THE PLAYER.

* WHEN THE PLAYER IS POWERED ON, DO NOT REMOVE THE PROTECTIVE CAP ON THE OPTICAL SCART. RED BEAM EMITTED WILL HARM YOUR EYES ESPECIALLY TO CHILDREN WHEN YOU LOOK AT OPTICAL SCART. PUTTING ON THE PROTECTIVE CAP WHEN THE SCART IS IDLE.

* RADIOACTIVE DANGER MAY BE CAUSED IF YOU DO NOT FOLLOW THE METHOD STIPULATED HERE FOR THE OPERATION, ADJUSTMENT OR CONTROL.

* PLEASE CONSIGN THE MAINTENANCE TO PROFESSIONAL TECHNICIAN.

SAFETY WARNINGS

For safe use and maximum performance, please read this manual carefully before use.

CAUTION: TO REDUCE THE RISK OF ELECTRIC SHOCK, DO NOT DISASSEMBLE THE APPLIANCE. THERE ARE NO USER SERVICEABLE PARTS. FOR REPAIRS CONTACT QUALIFIED TECHNICAL STAFF.

To avoid the danger of electric shock or fire, do not expose to rain or moisture. Read all safety instructions before use.

DANGEROUS VOLTAGE!

The symbol to the side warns the user of the presence of voltage that could not be isolated and may cause electric shock.

This symbol warns the user that before using the unit, it is necessary to carefully read the instruction booklet.

IMPORTANT NOTES

● The use must be allowed only to adults and responsible persons, adequately educated on the damages deriving from incorrect use.

● This appliance can be used by children aged 8 and over if they are under supervision or if they have received instructions regarding the safe use of the appliance and if they understand the dangers.

involved. Cleaning and maintenance operations by the user must not be carried out by children unless they are over 8 years of age and operate under supervision. Keep the appliance and its cord out of the reach of children under the age of 8.

● The devices can be used by people with reduced physical, sensory or mental abilities or with a lack of experience and knowledge if they are supervised or if they have received instructions regarding the safe use of the appliance and understand the dangers involved.

● Children must not use the appliance as a game.

● Do not allow the appliance to be used by children or the disabled without supervision

● Keep away from pets

● Never use the appliance in places where the cord, plug and the product itself may come into contact with water or wet surfaces. Do not use the appliance outdoors, as rain could create short circuits. Do not touch the appliance with wet hands.

● Avoid installing the unit in the locations listed below:

-Places exposed to direct sunlight or close to equipment that generate heat, such as radiators;

-Above other stereo equipment that may radiate excessive heat;

-Places that block ventilation or are humid or dusty;

-Environments subject to constant vibration;

● Do not place accessories with naked flames, such as lighted candles, on the appliance.

● Do not try to repair or intervene on the appliance yourself. Incorrect interventions or tampering can void the guarantee. In the event of any damaged parts or suspected malfunction, discontinue use immediately and consult qualified personnel. Never immerse the appliance in water or other liquids. Do not place vessels containing liquids (such as vases) on top of the appliance.

● Do not touch the appliance with wet hands and do not place it near sinks, tubs or containers of liquids.

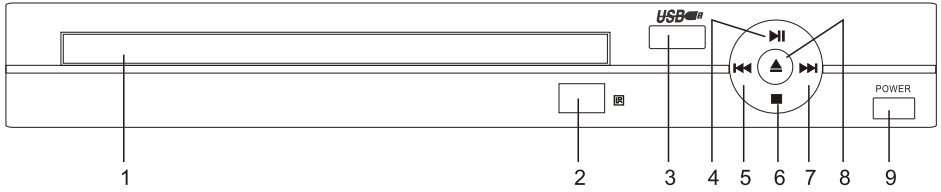

Use the product only if it is in perfect condition. If the appliance has been immersed in water or is damaged, contact qualified personnel. Do not try to repair the appliance yourself. Any tampering or incorrect repairs void the warranty.

● The product should not be used if it has been dropped or if there are any visible signs of damage.

● Exposure to high volume levels can cause hearing problems, including permanent damage. The predisposition to hearing loss varies from person to person, however constant exposure to high volume levels is harmful to anyone. Moderate the volume level.

2. Preparations

2.1 Accessories

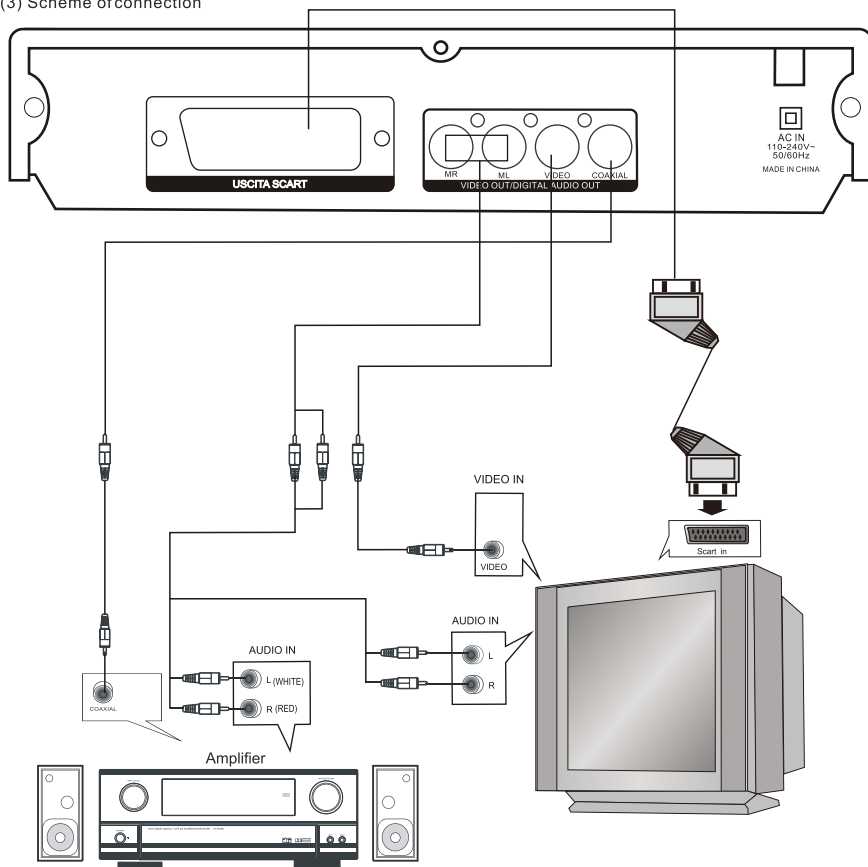

1. Remote controller
 2. Audio/Video cable
 3. User's manual
 4. Batteries
 5. Guarantee letter
- (Check whether it is fully equipped after opening the box).

2.2 Battery installation of remote controller

Place two AAA batteries in the battery compartment. Be sure the polarities are correct. There should be no large obstacles between the remote controller and the main unit.

2.3 System connection

- (1) When making connection between this unit and other components, be sure all connections are power-off.
- (2) Audio/Video cables are connected according to the different colour identification and they should be fitted firmly.
Yellow to video terminal
White to audio terminal(L)
Red to audio terminal(R)
- (3) Scheme of connection

2.4 Play mode setting

If you found the picture could not spread all screen or no color, please select PAL, NTSC or auto by pressing (P/N) key.

3. Basic operation

Please use remote control to operate the function as described below:

Once all the connection of the system have been done, this machine will be ready for service. Prior to play, make sure to complete the following preparatory operations.

1. Switch on TV and select AV mode. If it's S-Video connect select S-Video mode.
2. Switch on amplifier if it is connected, select AC-3 or DVD mode.
3. Plug-in of DVD player

Step 1: Press STANDBY button, Disc Loading shown on screen.

Step 2: Press (OPEN/CLOSE) key on the front panel, the tray comes out automatically.

Step 3: Place disc on the tray, press (OPEN/CLOSE) key to close the tray, the disc type will be shown on the upper left corner of the screen.

Note: Press (STANDBY) key on the remote controller to bring the unit into standby status.

3.1 Play disc

Please use remote control to operate the function as described below:

- Once it has read the disc, this machine will start playing automatically.
- In order to see the folder menu inside a disc, press (STOP) button first and then prog.
- If it is a DVD, the machine will show the DVD menu or title menu.
- If it is a VCD2.0 disc, the machine will activate PBC playback control status.
- If it is a CD, this machine will start playing in the sequence.

Press (PLAY) key to return play back while disc stop, pause or step.

PAUSE key:

Press (PAUSE) key to put the playback in temporary halt.

PREV key: ⏮

Press (PREV) key to skip backward to the title before current.

NEXT key: ⏭

Press (NEXT) key to skip forward to the title after current.

REV key: ⏪

Press (REV) key to get 2X, 4X, 8X, 16X, 32X or normal play circular fast reverse function on disc playing.

FWD key: ⏩

Press (FWD) key to get 2X, 4X, 8X, 16X, 32X or normal play circular fast reverse function on disc playing.

STOP key:

Press (STOP) key first time to follow by a (PLAY) key will an auto resume to the last played location. Press (Stop) key twice will halt the playback completely.

VIDEO key:

Press (V-MODE) key to select the signal source: CVBS, RGB

4. Description of function

Please use remote control to operate the function as described below:

4.1 OSD

In the condition of DVD displaying, press (OSD) key on the remote controller to display the elapsed time of the current title, remain time of the current title, remain time of the current chapter, total title, current title, total chapter, current chapter and other information of the disc. 2. Press the REPEAT button you can choose folder repeat or cancel the repeat function.

Other functions:

When a MP3 disc is played, the features of mute, volume control, pause and forward and backward search will also be available. The operations are the same with those of CDs.

7. JPEG

JPEG adopting the most efficient compression is widely used as picture storage type flattened and stored format.

Even if pictures are compressed 15-20 times. They still have good effect. Supported by most picture processing software, fit for picture storage, it has small date and easy use. This machine can read. JPEG-format picture CD disc.

Select to play by menu

1. Put in disc, the machine searches disc information and main menu displays on screen. Press number key from 1 to select picture, press play key to make sure.
2. Press direction key to select picture, then press ENTER key to make sure.
3. In condition of stop, select direction key to select other pictures.
4. In condition of stop, select the first line file item on the right, then press play key to return to upper menu

Other functions:

When playing picture CD. The machine allows pause, repeat and browsing. Use the Next or Previous key to browse. Press ZOOM key to enlarge picture. While in zoom mode press fast forward or backward key to control the zoom scale. To move the view area of the enlarged picture, use the direction keys.

In view mode, pictures can be rotated with direction keys. The type of slide show transition can be selected from the navigation menu or simply by pressing PROGRAM key.

NOTE:

If the disc contains more than one folder with different file formats, playback will start from the first file; to enter folder menu press STOP button first and then prog.

USB:

The unit can be connected to a flash memory USB to play the files inside. It is not guaranteed the compatibility for players using owner software.

Insert an USB device in the port, when DVD is playing press DVD/USB button on remote control to switch to USB mode, after few seconds playback will start.

Press STOP and Prog to enter in the device folders, choose desired folder and press Enter or Play to Enter and start playback.

8. Trouble shooting guide

For your convenience, we have enlisted some points to help solve problems you might encounter while using DVD player.

No sound

- * Make sure the good connection between player and other appliances such as power amplifier or TV.
- * Make sure the right operation on TV and power amplifier.

No picture

- * Make sure the good connection between player and other appliances such as TV.
- * Make sure TV works well.
- * Make sure the DVD player is in correct mode, otherwise, press VIDEO button several times to solve it.

Disc does not play

- * Make sure the disc is loaded correctly (label side is facing up on the disc tray)
- * Make sure the disc is clear.

Remote controller does not work

- * Move the obstacle between player and remote controller away.
- * Point the remote controller at the remote control sensor.

- * Check the battery.

Picture dividing

- * Make sure the disc is clear and no any scratch on it.
- * For the player is controlled by micro-computer, if encountering problem, switch off the power first, and switch on again in a few second, by then if no mistake is displayed, the player could work well.

SAFE MODE

The main unit will be in safe mode if it does not respond to any operation due to interference by accident or strong noise signals. To resolve this problem, you must pull out the power cord and plug it in again later 10 seconds.

NOTES ON CONDENSATION

Occasionally, condensation may occur within the device, resulting in drops of water forming on the optical pick-up inside the unit. This is much like the condensation that takes place on a glass of cold water. This condensation may affect the overall performance of the machine.

Condensation occurs when:

- 1) It is moved from a cold area to a warm area.
- 2) Its surrounding area is exposed to a sudden change in temperature, for example, when located near an air conditioner.
- 3) In summer, the unit is moved from a hot and humid environment immediately into an air-conditioned room.
- 4) The device is in a humid environment.

9. CARE OF DISCS

Protection

- a. When loading or removing the discs, always hold them by the center and edge.
- B. Do not stick or write anything on the surface. Protect discs against any fingerprint.

Cleaning

- Wipe the discs from time to time using a soft cloth.
- Always wipe from the center toward the edge.

Storage

- a. Never warp the discs. During no-use periods, store them in their cases, while should be kept vertically. Do not expose discs to high temperature, dampness or extremely low temperature, or else to may cause damage to the discs.
- b. Do not expose discs to direct sunlight.

The DVD player contains laser devices. The top cover of the DVD module acts as a protective housing. Laser radiation is dangerous when the top cover is removed or opened. Avoid direct exposure to beam during service or repair.
